

# Visioncircles Teacher Training

In this 32-hour, professional-level course for Brain Gym® instructors and consultants:

*You will experience the ways vision is expanded and enlarged by the other senses, and learn how to facilitate sensory awareness and perceptual skills in others.*

Don E. Wetsel, MA, LAc, NCTMB teaches Brain Gym®, Visioncircles™, Optimal Brain Organization, Touch For Health®, Edu-K In-Depth, Creative Vision, Movement Re-education and Visioncircles Teacher Training. Together with his wife, Dr. Susanna Wetsel, DC, they are founders of Health TLC in Fairfield, Virginia. They offer a truly holistic and educational model for people seeking life enhancement and healthy living.

His passion is supporting individuals to achieve their full potential and to live joyful and fulfilling lives. He understands and teaches the importance of experiential learning so that you will be more prepared and able to support your students, clients and loved ones. His extensive training in Educational Kinesiology, Cranial Therapy, Bodywork, Nutrition, Acupuncture and other transformational processes allows him to demonstrate and explain the processes in a clear, understandable manner. He has the background, training and experience to teach the educational model and to explain the physiology of whole body learning within this experiential context. Don is also an Advanced Clinical Training graduate in Nutrition Response Testing<sup>SM</sup>.

This class is required for licensure as a Visioncircles Instructor.

Prerequisites: Visioncircles twice, Brain Gym Teacher Practicum, and Creative Vision (scheduled in Tallahassee August ), plus being currently licensed as a Brain Gym Instructor.
